REAL EDUCATION, REAL RESULTS

**Tashkent State
University of Economics**

DEAR COLLEAGUES

Tashkent State University of Economics invites you to join its graduate school.

TSUE is one of the largest higher education establishments in the sphere of economics in Uzbekistan and in Central Asia. It has roughly 11,000 students and is one of the largest economic universities in Central Asia. It is divided into functional institutes that strive to provide education regarding the economics of Uzbekistan. TSEU was the first international style business school in Uzbekistan and has gained note by building relationships with notable universities in the US, Great Britain, Europe, and Asia. It maintains the largest university library in Central Asia.

There are economics, professional development and retraining institute, specialized higher business school, republican economic lyceum, economic gymnasium, various scientific-research institutes, consulting and training centers at the University. All these structures ensure the continual economic education. TSUE serves as the leading university on economic education in the Republic of Uzbekistan.

The university employs over 500 faculty staff, including, over 60 Doctors of Science (DSc) and 160 Doctors of Philosophy (PhD).
